The governance landscape is becoming increasingly complex.

Credit union and caisse populaire directors across Canada are facing many of the same challenges—consolidation, growing regulatory complexity, and increasing competitive pressures.

One of the most valuable aspects of the Directors' Forum is the opportunity to learn from peers across provinces, share governance insights, gain national regulatory perspectives, and explore practical approaches to board leadership in a rapidly changing environment.

Join the conversation in person or virtually on October 24 & 25, 2026 and connect with directors from across the country.

 Learn more: <https://www.directorsforum.coop/conference-site>
